Dear Business Associates & Doctors

First of all, we would like to thank you all for trusting **DEEP AYURVEDA®** since last one decade and this successful journey is not possible without your support, confidence and guidance. We are committed to provide authentic Ayurvedic treatments and medicines to the world backed by the thousands of years old ancient Ayurved texts Like: Charak Samhita, Shusrut Samhita, Ashtang Sangrah, Bhav Parkasha Nighantu and many others & thousands years of research done by our ancient scholars like Maharishi Shusrut, Maharishi Charka, Maharishi Vagbhat etc. and also clinical research done on the basis of modern parameters by our Ayurveda doctors. Today, **DEEP AYURVEDA®** is proud to be a well-known International Ayurveda brand having expertise in blending the traditional Ayurvedic knowledge for the formulation of Ayurvedic & Herbal supplements to counter health-related challenges of modern lifestyle as well as acute and chronic diseases. Each ayurvedic formulation has been developed after an actual clinical trial and research by the team of **DEEP AYURVEDA®** doctors led by **Dr Baldeep Kour**. Each product formulation is in compliance with Ayurveda Department regulated by Ayush Ministry Govt of India, FSSAI and USFDA regulations & guidelines to meet international standards for the Manufacturing, Sales & Marketing of Ayurvedic wellness products as well as herbal supplements for well being.

Since 2006, With the extensive clinical exposure and practice, **Dr Baldeep Kour** has formulated more than 100 Ayurvedic formulations. In clinical Ayurvedic practice, main tool is authentic and result oriented Ayurvedic medicine but during her clinical practice she found that most of the Ayurvedic medicines available in market are not result oriented, as many of them doesn't full fill the parameters of quantity & quality of ingredients, formulations, proper processing and manufacturing according to ayurvedic concept of tridosha VATA, PITA and KAPHA and diseases. So she emphasized on developing authentic and result oriented Ayurvedic medicines based on Tridosha Balance Principle so that these ayurvedic formulation can be consumed and promoted globally despite of geographical location, weather conditions, prakriti and multiple health issues. All of formulation formulated by **DEEP AYURVEDA®** are free from any kind of chemicals, GMO, synthetic colour, fragrance & fillers. Our manufacturing facility has Organic Certification by the Lacon GmbH for NPOP, NOP & EU-Organic. More than 600 products are approved in this organic certification which includes spices, pulses, grains, oils, whole herbs, herbs powder, herbal juices etc and and soon we are going to launch a separate division of Organic Grocery under the brand name of **GREEN MASTER®**. **DEEP AYURVEDA®** doesn't support any kind of animal cruelty so all products formulated are 100% vegetarian and free from animal by products. **DEEP AYURVEDA®** having a wide presence in Indian market through a chain of Ayurveda Clinics, Ayurveda Stores and Distributor/Dealer network across India and taking forward our vision to spread wonders of Ayurveda around the globe, We do extended our presence to Australia, Singapore, USA, UAE and Poland, Bulgaria, Macedonia, Romania, Ukraine, Serbia & Netherlands in Europe. Apart from an Ayurvedic herbal supplement, we are also specialized to develop patent & classical Ayurvedic medicines for practitioner dispensing. After successful setup international market, now we also planned to strengthen & expand our distribution network in India and appointing Ayurvedic Centre/Distributor/Wellness Shoppe at every level throughout India.

To achieve mission to provide 100% authentic, genuine, unadulterated Ayurvedic medicines & Organic product, we need support from all our existing, distributors, doctors, and stakeholders.

Looking Forward to you !

Yours truly,

Vishnu Datt Sharma

Co-Founders

Vishnu Datt Sharma is co-founder & managing director of DEEP AYURVEDA®, born & brought up in Kurukshetra (Haryana) and completed his study from Kurukshetra University. He loves travelling, exploring new dimensions and opportunities, so decided to start career with sales and marketing field and served his glorious 21 years in different FMCG, consumer durable industries of India and wellness industry. In 2011 an incident where he got permanent cure from allergic bronchitis through Ayurvedic treatment given by Dr. Baldeep Kour, this experience changed his thought towards Ayurveda and then he decided to work with full dedication & enthusiasm in Ayurveda industry along with his wife Dr. Baldeep Kour and started supporting her in clinical operations, procurement of good quality herbs and Ayurvedic medicines, so he got wide exposure of different parameters of Ayurvedic clinical operations and the business opportunities in Ayurveda industry.

Since he is having a vast experience of sales & marketing and network development, he decided to establish a chain of authentic Ayurvedic clinics and genuine quality Ayurvedic products manufacturing. In 2015, established an Ayurvedic pharmacy at the business name of “Deep Health Care products” under the brand name of DEEP AYURVEDA® and started manufacturing of authentic & result oriented Ayurvedic & herbal products. Due to his consistent hard work, dedication, futuristic vision, & entrepreneurship skills, DEEP AYURVEDA® successfully established into a trusted Ayurveda company to promote world class authentic Ayurvedic treatment and to produce 100% authentic & genuine quality Ayurvedic products.

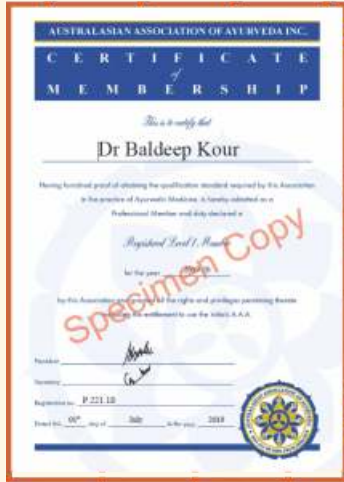

His vision to promote Ayurveda globally and to bring foreign exchange in India, he also focused on international market and within the span of 3 years, DEEP AYURVEDA® successfully entered into USA and European market. In 2018, they also established their international office to expand their Ayurvedic product distribution network globally and also setup a complete Ayurveda & Panchkarma clinic in Australia.

Due to his wide exposure of Sales & Marketing, Business Operations in Ayurveda clinical and non-clinical (Pharmacy Stores), product development, manufacturing and export/import of Ayurveda & Wellness products, Today DEEP AYURVEDA® has become a trusted, authentic Ayurvedic brand in Indian as well as International Market and we aim to establish another fully automatic WHO GMP certified Ayurvedic manufacturing plant in Jammu & Kashmir by 2022.
